

Changes to be done in the Recruitment System

The application section changes

Candidate	Job	Status	Applied	Actions
Fabien Tiran Vandort	Security Guard	certified	3/31/2026	View
Unknown Candidate	E2E Security Guard 707679	certified	3/25/2026	View
Unknown Candidate	CCTV Operator	certified	3/25/2026	View
Mohammed Fahad Faizerdeen	Hospitality Assistant	certified	3/22/2026	View
Mohammed Fahad Faizerdeen	Duty Patrol Driver	certified	3/20/2026	View
NILESH FERNANDO	Duty Patrol Driver	applied	3/14/2026	View
Bailey Dupont	Hospitality Assistant	applied	3/7/2026	View
CV Size Tester	Duty Patrol Driver	applied	3/5/2026	View
Apply Flow Test Candidate	Security Guard - Dubai Mall	applied	3/5/2026	View
Apply Flow Test Candidate	Security Guard - Dubai Mall	applied	3/5/2026	View
CV Size Tester	Duty Patrol Driver	applied	3/5/2026	View
Apply Flow Test Candidate	Security Guard - Dubai Mall	applied	3/5/2026	View
CV Size Tester	Duty Patrol Driver	applied	3/5/2026	View

1. Need to have a proper sorting/filtering options : Date Wise , Job wise and ect
2. Need to change the dull look into a very appealing and engaging experience for the agent
3. Need to have a proper separation between the candidates in the application section , status should be properly highlighted and more of the details of the candidate should be highlighted in the initial application page. I need this all compact view to be bit more relaxed to the system user perspective

Create New Project Section

Create New Project

1 Basic Information

Project Title:

Client Name:

Industry Type *:

Priority:

Description:

2 Target Countries *

☐ UAE ☐ Qatar ☐ Oman

☐ Bahrain ☐ Saudi Arabia ☐ Kuwait

3 Timeline

Start Date: Interview Start Date: Interview End Date:

End Date:

1. Target Countries should be changed as Country of recruitment
2. And the Include all the countries as a search list and make it as search the country and add the country to the project

The screenshot displays a web form for project creation, divided into two main sections. The first section, titled '5 Salary Information', contains three input fields: 'Minimum Salary' with the value '1500', 'Maximum Salary' with the value '2000', and 'Currency' with a dropdown menu showing 'AED'. The second section, titled '6 Contact Information', contains three input fields: 'WhatsApp Number' with the value '077 402 2956', 'Email' with the value 'hypermarket.dewan@gmail.com', and 'Address' with the value '83/2, Chatham Street, Colombo 01'. At the bottom right of the form, there are two buttons: 'Cancel' and 'Create Project'.

5 Salary Information

Minimum Salary: 1500

Maximum Salary: 2000

Currency: AED

6 Contact Information

WhatsApp Number: 077 402 2956

Email: hypermarket.dewan@gmail.com

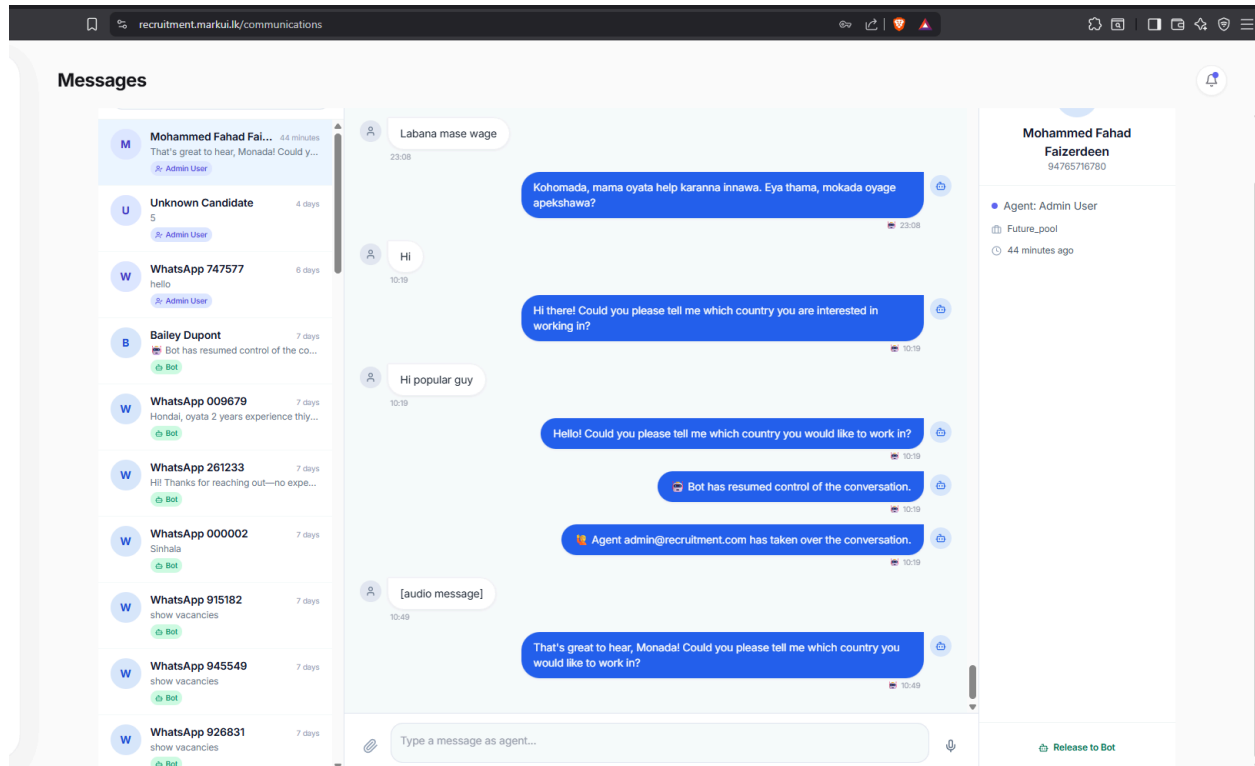

Address: 83/2, Chatham Street, Colombo 01

Cancel Create Project

3. in the below section of the project creation the currencies should be updated with new country list : This section should be more biased to the project handlers

- mobile number
- Email
- Address
- add section to add more special details about the customers
- add more sections accordingly

The message section massive change

1. I need to have a proper filtering/sorting option date wise and with other options. Need to have option to track the conversation event on what staged , did the customer still answering the questions , already send the CV and

Very important : Need to make sure the messages should be send to the candidates , need to check with the WhatsApp API whether it's working with all outbound messages and files.

2. in the candidate info section add more details and put put a section to know the candidates exact status of the conversation so we can track down and take action we want

CANDIDATE INFO

Mohammed Fahad
Faizerdeen
94765716780

● Agent: Admin User

📁 Future_pool

🕒 about 1 hour ago

3. in the conversation list need to show their full Whatsapp number and once the candidate put the CV the name should be automatically save according to the CV. I don't need the numbers to be shown as random names , I need that to be shown as their full whatsapp number and after sending the CV their full name. And put a option to edit the candidate name and ect option
